What are the Entrance Exams for International Schools in Taiwan?

Each international school has different test requirements. It can get a little confusing, but don't worry, we can help! At TeachME, we have experience helping students with all schools entrance exams.

Students will be required to submit current English and Math scores from a standardized test, but *each school has a different list of acceptable tests.*

Two of the biggest in Taiwan are **ISEE** and **APTIS**.

What's the difference between the **ISEE** and **APTIS** exams?

The **ISEE**, created and administered by the Educational Records Bureau (ERB), is a widely used entrance exam for schools across the USA and abroad. It is designed to assess students' logic, reasoning, and language abilities. The test is divided into five sections: Verbal Reasoning, Quantitative Reasoning, Reading Comprehension, Mathematics, and Essay Writing.

Taipei American School accepts this exam.

The **APTIS** is an English language admission test developed by the British Council that is used by schools and institutions in 85+ countries worldwide, particularly Europe. The test evaluates language proficiency across five key skills: Grammar, Listening, Writing, Reading, and Speaking.

Taipei European School accepts this exam.
